## Receiving the following error msg when using KC AutoImport: ERROR CODE: 1058 MESSAGE: Auto-import of indexes is not currently supported for batch classes with multiple document classes or multiple form types.

### Issue

Receiving the following error msg when using KC Auto Import: ERROR CODE: 1058 MESSAGE: Auto-import of indexes is not currently supported for batch classes with multiple document classes or multiple form types.

### Solution

Ascii text file used for importing images and index data had a mis-named index field.

Corrected the Index field name resolved the issue.

### Level of Complexity

Easy

### Applies to

| Product | Version | Build | Environment |
|---------|---------|-------|-------------|
| Capture | 11.1 | | |
| Capture | 11.0 | | |
